

# DELEPLANQUE AUDREN

## CYBERSECURITY ENGINEERING STUDENT

Cybersecurity engineering student (4th year), quick learner, detail-oriented, and dedicated to delivering high-quality solutions. With years of passion for computers, I'm eager to contribute my adaptability and commitment to your team.

I'm looking for an internship abroad as an assistant engineer. The internship will run from April 28 to August 31.

My aim is to put my skills to work for a company to protect the company itself and its most sensitive data.
